The electric storm that swept over the city early this morning did not have any perceptible effect on the high temperature. But, it's "growing weather."

It will be glad news to all Goldsboro and this section, where his friends are legion, that our good friend and esteemed townsman Mr. Henry Lee who has been an operative patient for some weeks in Johns Hopkins Hospital, in Baltimore, is at home again very much benefited and steadily improving.

Mr. Lee Finlayson, who accompanied his grandfather Mr. Henry Lee home from Baltimore Saturday evening spent yesterday in the city, where all his friends were glad to see him.

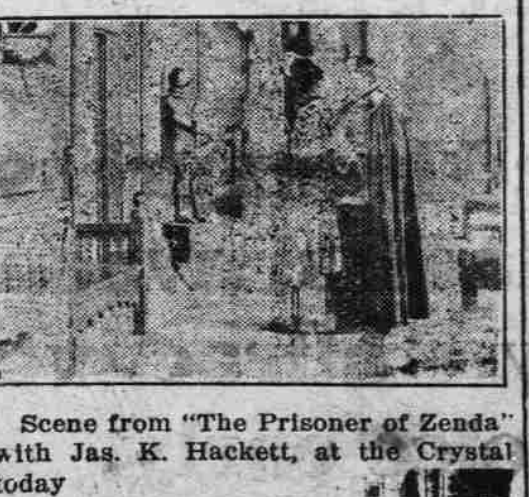

Miss Margaret Borden is spending some time with her mother Mrs. John L. Borden, who is sojourning at Mountain Meadow Inn, near Asheville.

Mr. Leslie Hummel, of the Atlantic Coast Line, at Wilmington, spent Sunday at his home here, where we were all glad to see him. He is the oldest son of Mr. and Mrs. Louis Hummel, and is one of Goldsboro's best representative young men.

Several electric fans have been installed by generous and thoughtful citizens in the Goldsboro Hospital for the benefit of patients during this hot weather, but the supply is not yet sufficient; consequently others desirous of doing good have here an opportunity of rendering soothing comfort to fevered forms in the wards of this institution.

The ladies of the Executive Committee of the Goldsboro Hospital are rejoicing greatly today that through the generous liberality of Mr. A. T. Griffin who is always ready in help and cheerful in doing, the halls and rooms of the Hospital are to receive what the ladies have so earnestly desired and the institution needs—a coat of hygienic washable paint.

A WONDERFUL CAR.

The Ford Garage Company has secured the agency for the Haynes Cars for the counties of Wayne, Johnson and Wake. They have just received the first car. It is a wonder and the most complete car ever seen in Goldsboro. In addition to all other good things that other cars have, it is equipped with an electrical gear shift which enables the driver to start, stop, reverse, or go in any speed desired by simply pressing electric buttons attached on the steering wheel. It is the most complete ladies car known and is mistake proof. For instance if the driver leaves his car for a few moments, in gear and when he returns forgets and starts his engine, the machine will automatically go out of gear before the engine starts.

Mr. Elwood Haynes, the manufacturer, is the oldest automobile manufacturer in America. He made America's first successful car, which the government has in the Smithsonian Institute, Washington, D. C., as a historical relic. Mr. Haynes has always led in using the most improved and best mechanical arrangements to be found. This electric gear shift is the same that is used on the American battleships for handling the great disappearing guns.

Prices of the car, \$1,985, \$2,700 and \$3,700 F. O. B. factory.

If interested in a nice car, please advise us.
